

7th Grade News

The 7th grade social studies classes are having a West Fest on April 9th. We have several speakers coming and we need volunteers to act as helpers, kid wranglers, and potential presenters. It will not be difficult to present. We can have most of the stuff for them. It would also be nice to have a concierge for the presenters to bring them water, show them the facilities, etc. I know this is short notice. Sometimes our brainstorming is a little less planned than they can be. Next year we hope to be more organized sooner in the year! Thanks so much for any help you can offer.
