School Nurse- IMPORTANT FOR CURRENT 6TH GRADERS

****Reminder to 6th grade parents****

Beginning for the 2009-10 school year, students entering the 7th grade must have the following vaccines:

Tdap is required for all students entering 7th grade if at least 5 years have passed since the last dose of tetanus containing vaccine (DTaP/DPT/DT). If

5 years have not elapsed since the last dose of a tetanus containing vaccine at entry into the 7th grade, then this dose will become due as soon as the five year interval has passed.

Meningococcal vaccine-required for all students entering 7th grade.

Two doses of Varicella vaccine for students entering 7th grade, or parent/physician statement of chickenpox illness.

Reminders will be sent out later this spring. When your student has received these vaccines, please forward the verification that the doctor gives you to the school nurse. This will prevent any problems in the fall. Students will not be allowed to attend class if his/her immunization records are not presented to the school upon enrollment or if these records are not current. Please call the School Nurse, Kathy Goerlich at 281-237-8825 if you have any questions.
